10th November 2026

One-day closure of our schools and college — 25th March 2027

Dear Parents and Carers,

We are writing to let you know that trustees and governors have agreed that all Creating Tomorrow Trust schools and our college will be **closed to pupils and students on 25 March 2027**, the day before Good Friday, as we move into the Easter break.

This one-day closure will enable all staff, governors and trustees to come together for our first Creating Tomorrow Trust conference.

As a specialist Trust, we have a wealth of knowledge, experience and expertise across our settings. Bringing our colleagues together provides an important opportunity to learn from one another, strengthen our specialist practice and develop the quality of education, support and opportunities we provide for our children and young people.

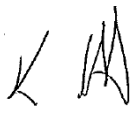

We recognise that a change to the usual school and college calendar may require families to make additional arrangements, and that planning for changes to routine can be particularly important for our pupils and students.

We are giving advance notice so that you have time to plan for this additional day of closure and prepare your child or young person for the start of the Easter break.

If you have any questions about how this closure will affect your family, please contact your child's school or college through your usual channels.

Thank you for your understanding and continued support. We greatly value our partnership with families and believe this opportunity to strengthen our collective expertise will make a positive difference to the experiences and outcomes of our children and young people.

Yours sincerely,

Kevin Latham
