## Monitoring and implementation

Area	Challenge	Mitigating action*
Communication	Providing a range of technologies to support. Increased SALT time.	Liaising with a wider range of agencies and companies Working with other SEND provisions.
Attendance	Medical and transport issues.	Multi-agency working and intervention schedule and support.
Enrichment	Ensure broad and balanced curriculum coverage.	Staff planning and QA of planning.

\* This plan forms part of a two-year plan with 2020 to 2021 focusing on supporting blended learning and acquiring resources to re-engage with learning to support the recovery curriculum

This plan has been updated in light of the COVID-19 pandemic. Student learning has been disrupted throughout the last academic year and was predominantly delivered by a blended learning model, which included some video resources, parent lead resources and other resources.

The year 2021 to 2022 focusing on recovery curriculum and narrowing any learning loss. This involves creating a range of enrichment opportunities for pupil premium students.
