| All Staff | April 2023 February 2024 | Attachment Awareness (3 workshops) Attachment Disorder Overview |

Policies and procedures for LAC / previously LAC

| | DATE OF LAST REVIEW | DATE OF NEXT REVIEW | DETAILS OF POLICY UPDATES |
|--|---------------------------|---------------------------|---|
| WSS Designated Teacher for Children Looked After & Previously CLA Policy | September 2023 | September 2024 | Updates to who is listed as designated teacher, |

Number of LAC and previously LAC

| Number of pupils on school role as of 01/02/2024 | LAC: 9 | Previously LAC: 0 |
|---|--------|-------------------|
| Number of pupils who have a local authority as their corporate parent | 1 | |
| Number of pupils who have a different local authority as their corporate parent | 1 | |

Personal education plans (PEPs) for looked-after children

| Number of PEPs in place | 9 |
|---|--------------------------------------|
| Name and role of person responsible for PEP reviews | Daniel Mulchrone, designated teacher |

Progress of LAC and previously LAC

| | TOTAL NUMBER IN KEY STAGE | NUMBER MAKING EXPECTED PROGRESS AGAINST EHCP | NUMBER MAKING EXPECTED PROGRESS IN WREN LEVELS | NUMBER MAKING EXPECTED PROGRESS IN ASDAN |
|-------------|---------------------------------|---|--|--|
| Key Stage 3 | 2 | 2 | 2 | N/A |
| Key Stage 4 | 4 | 3 | 2 | 2 |
| Key Stage 5 | 3 | 3 | 3 | 3 |

> Of the two Key Stage 4 pupils who haven't made expected progress

- One student has mental health needs which it has been agreed can't be met at Wren Spinney and is currently seeking a new placement, the EHC team are actively engaged with this. In the interim they are being supported through Fresh Start.
- One student has recently entered care and has gone through a period of significant dysregulation. This led to difficulties engaging with an educational environment. Significant additional input has been gained from OT, SaLT, Behaviour Specialist, medical professionals as well funding to support the higher levels of staffing during this period. The impact of this has been the student gradually increasing their engagement with learning, the classroom environment, and their peers.

Attendance

| | LAC / PREVIOUSLY LAC | WHOLE SCHOOL |
|--|-------------------------|--------------|
| Overall percentage attendance | 89.43% | 92.2% |
| Number of pupils who meet the threshold for persistent absence (less than 90% attendance rate) | 3 | 25 |
| Number of pupils receiving fixed-term exclusions | 0 | 0 |
| Number of pupils receiving permanent exclusions | 0 | 0 |

- > Two students, who live in the same children's home were affected by a series of D&V outbreaks across the Autumn term having a significant impact on their attendance. This has been raised with the student's social workers as a concern. For one student, their attendance has progressively improved with this being 90.5% in Spring One. However, the other student has undergone a medication review in Spring One and this has impacted their health.
- > One student required a personalised timetable as they were struggling to engage with the school environment. This impacted their attendance but since this timetable was expanded their attendance has been progressively improving and their attendance in Spring One was 97.6%.

> Interventions and support

Total pupil premium funding for LAC / previously LAC:

| Total pupil premium funding for LAC / previously LAC: | | | |
|--|--|--|--|
| | ACTION | IMPACT | |
| Interventions and support specifically funded by the pupil premium plus for LAC / previously LAC | Individualised sessions with Music Specialist | Increased engagement, interaction, emotional wellbeing, opportunities to develop special interests | |
| | Additional input from SaLT | Consistency of approach between residential placement and school, additional input to facilitate interaction skills and relationship building. | |
| | Additional input from OT | Improve regulation, development of sensory diet, writing of sensory ladder, | |
| | Resources to promote engagement, interaction, and play | Purchasing of motivating items, costumes and resources for play, interaction and to promote engagement with the wider curriculum. Shared engagement alongside adults and peers with motivators. | |
| | Purchase a therapy bed or abdominal bowel massage. | Support to alleviate constipation which was presenting a barrier to engagement. | |
| Wellbeing support accessed by LAC / previously LAC | Employed new Wellbeing Officer | Wellbeing officer has begun sessions to support the needs of LAC students, e.g. Additional one-to-one interventions, following OT programs, time to talk. They will also be supporting with RSE moving forwards. | |
| | Individualised sessions with Music Specialist | Opportunities to explore special interests, one to one interaction with staff, opportunity to express emotion through different activities | |
| | Additional input from OT | Impact on sensory integration, ability to develop coregulation skills and engagement skills. | |
| Role of pupil voice | Pupil voice gathered before every PeP meeting (3 times a year) | Increased engagement, reduce behaviour, reduction of avoidant type behaviours, improved interactions with | |
| | Student focused curriculum driven by individuals' interests focus on pupil's voice | support staff. | |
| | Pupils invited to contribute to PeP meetings, where appropriate. | | |
| Actions taken to work | Regular updates and feedback | Positive relationships with majority of | |

| | ACTION | IMPACT |
|----------------------------|--|---|
| with carers from settings. | | parents, carers, and care placements. This has led to holistic approach to issues. |
| | Weekly updates | For key students there have been weekly updates based on their progress to ensure continual review and adaptation of their provision. |
| | Multiple carers set up on class dojo to facilitate engagement. | This has ensured that there are limited barriers to communication for students who work with a wider range of care staff. |

Local partnerships

- > Social workers, Virtual Schools Team, Independent Reviewing Officers, Carers.
- > Information is shared through confidential and encrypted platforms such as Virtual School Website, Teams, or Egress.
- > Feedback from Virtual School Platform has graded all PePs as 'Good' in the 23-24 academic year.

Evaluation and improvement plan

STRENGTHS

Personalised targets which align with the needs and interests of the students.

Detailed knowledge of the students.

Pupil voice is highlighted at the start of every PeP to guide the discussion and inform next steps.

Drawing on the expertise of a wide range of professionals to ensure a holistic approach.

Worries that are raised as part of ePep process are "addressed proactively" with a "clear support plan" (feedback from Virtual Schools).

Feedback highlights that "The narrative is full and informative, and it gives a clear view of the current position including strength and worries" (Virtual Schools).

| AREAS FOR DEVELOPMENT | PROPOSED ACTIONS | RESOURCES REQUIRED |
|---|---|--|
| Exploring other ways PP+ funding can be spent to support the education of students. | Reaching out to other Designated Teachers within the trust to explore how PP+ is being spent. Continue to use established relationships with carers, virtual | Reach out to other schools within the Creating Tomorrow Trust. |

| | schools' team, families, and social workers to drive how PP+ is being spent. | |
|---|--|---|
| Focus on LAC attendance and persistent absence. | Development of attendance processes to have more detailed analysis of key groups. Increased input from family support worker on LAC attendance. Review how LAC is addressed as part of the school's attendance policy. | Refinement of attendance Excel Spreadsheet and how it is integrated with Arbor. Input from FSM and Wellbeing Officer. |
| Begin mapping LAC provision through Arbor. | Map interventions accessed by LAC students on Arbor to track impact and associated funding. | Discussion with Isesbrook SENCo on how to set up provision map. |
