This Weeks News

Collaborative

Students from our Collaborative department have started a Digital Photography module as part of our Equals Curriculum. The aim of this module is to encourage skills around fine motor skills, observation of surroundings, using the device and to promote hobbies and pastimes.

Sensory.

Sensory are enjoying our Ghosts and Ghouls theme, going on Ghost hunts and visiting the Hairy Scary Castle in our Sensory stories and getting messy in exploratory play.

We have had the opportunity to access riding and swimming for some students, and have been making the most of the drier weather in outdoor learning sessions.

Structured

The students in the structured provision have worked really hard on their play skills, showing our special visitors how well they can interact, communicate and explore a variety of items. The students loved the music session with the music man and enjoyed playing outdoors .

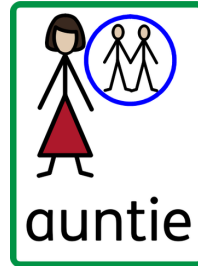

Well done, everyone!

Upcoming Events

Black History Month

Black History Month, celebrated each October in the UK, is a special time to learn about and honor the contributions, culture, and history of Black people in the UK and around the world. For Wren, this is a great opportunity to start understanding important values like equality, respect, kindness, and celebrating diversity. Introducing our children to Black history helps foster a sense of inclusion and pride in all backgrounds.

Monday 7th October : The Bee Hive- Kingsthorpe Next Steps Event

Friday 11th October : African Drummers

As part of black history month, African drummers will visit and perform during our assemblies. They provided drums for the students to participate and visit learners in their classrooms who would otherwise miss out.
